

## **CEIAG; Information for Employers and Professional Partnerships**

Thank you for visiting this page.

As an employer or professional partner, you may be interested in the information, advice and guidance we provide to our students within your field of work.

CEIAG is currently delivered comprehensively through R time (form time and Personal Development lessons), assemblies, enrichment sessions, subject lessons, internal and external activity days, trips and experiences, drop down days, taster sessions, one-to-one meetings.

A number of events, integrated into the school careers programme, will offer providers opportunities to come into school to speak to students, including a careers fair, careers assemblies, work experience, work placements, mock interviews and themed activity days. Throughout the academic year there are weekly year group assemblies and dedicated periods of time for providers to have the opportunity to come into school.

At The Derby High School, staff continue to work strategically and with ambition to ensure that an innovative, non-biased and aspirational careers programme is embedded across our entire student body. Furthermore, staff at The Derby High School work cooperatively to ensure our CEIAG provision is reactive and relevant to the current needs of our young people.

Our teaching staff recognise the importance of CEIAG and ensuring it is embedded within their subject area, therefore if you wish to work with any particular subject area, they would most certainly welcome employer involvement to enhance the provision from an expert in that field.

Our annually completed careers and aspirations student survey may also be able to inform you of students who express an interest in going down your career path should you wish to work with us to target CEIAG to certain groups of students.

We hope that the areas of this website provide you with an insight into careers education, information and guidance at The Derby High School. If you wish to find out anything more or you would like to work in an identified subject area, or take part in a certain event or activity, please contact Cath Linton, [clinton@thederbyhighschool.co.uk](mailto:clinton@thederbyhighschool.co.uk).

You may also wish to join our community hub group on Facebook; Friends of The Derby. This group exists to provide closer links between home, school and our local community and brings staff, parents, community friends, alumni and students together in support of a common goal.

We value your feedback as an employer or professional partner so that we can develop our CEIAG provision in appropriate areas. Please use this link to feedback on any school events or activities you have been involved with, or to share any suggestions and ideas for enhancing our CEIAG at The Derby High School.
